

MINORITY MEDICAL MENTORING PROGRAM

FALL 2017 - SPRING 2018

“MMMP”

FALL
2017

Estefania Andrade-Hercules

Buncombe County Early College

“Since I am uncertain as to what healthcare field I wish to pursue, I hope that by being a MMMP intern, I can get a better sense of what career I want to follow. I am very ecstatic to learn, grow, get first-hand experience, and help many as my journey forward continues!”

Crystal Guevara-Alday

Buncombe County Early College

“Thanks to previous volunteer work, I have discovered that my passion is nutrition and overall wellness of the body. The MMMP internship will help me direct my passion towards one specific career while giving me experience along the way.”

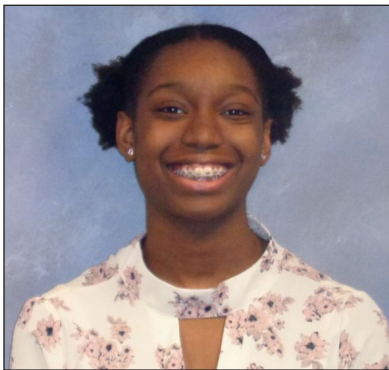

Anjelika Ortiz

A.C. Reynolds High School

“I am very interested in the medical field. Throughout the Mission Possible program, I was exposed to various career opportunities within the field and this increased my curiosity for medicine. I look forward to the MMMP internship and exploration of the medical field.”

SPRING
2018

Jillian Brown

T.C. Roberson High School

“I am determined to become a successful obstetrician. I have a passion for helping women. I believe that the MMMP program will help further guide my interests in the medical field.”

Mitsy Lopez-Garcia

Buncombe County Early College

“I want to go to medical school to pursue a career as a dermatologist. I know that the MMMP internship will allow me to gain more medical experience as my passion to help others continues to grow.”

Jordan Millington

C.D. Owen High School

“I want to pursue a career as a pathobiologist. The MMMP program will further my interest in the medical field and give me the experience I need to be successful.”

MMMP is a collaborative program of
