I'm Meredith Merrill, a Mortgage Advisor with United Federal Credit Union. Located in Western North Carolina, I'm ready to work with you throughout the home financing process. With more than 17 years in the banking industry, I'll help you find the loan that works for you.

We offer Medical Professional mortgages, construction lending, lot financing, 100% first time homebuyer products, conventional/conforming mortgages, jumbo portfolio mortgages, and more. At United, we have a variety of loan options to fit your unique needs. The possibilities are endless!

Buying or building a home is a big step, but my reliable team will support you every step of the way. Whether your goal is a new home, vacation home, investment home or refinancing a current residence, I'll use my experience and market knowledge to bring your plans to life.

I am a native of Henderson County and Graduated from Western Carolina with a double major in Marketing and Sport Management. While at Western Carolina, I was a student-athlete on the women's golf team. I am a die-hard Tarheel fan and enjoy watching Tarheel sports in general. In my free time, you will find me spending time with my family watching my two children play sports.

I have worked at United Federal Credit Union for close to 10 years and love that Members are able to enjoy a wide range of personal and business banking products at the best possible rates. As a Credit Union, we take pride in the advantages we can offer over traditional banks, such as typically fewer fees and greater investments in local communities. United has 35 branches covering six states, and \$3.8 billion in assets. We've maintained a 5-star rating for the past 25 consecutive years from Bauer Financial, one of the country's premier financial ratings services. We take our commitment to both our Members and our communities to heart. That's what makes a difference in how you experience our people, services, and benefits.

There's a lot to think about when financing a home, but one thing is clear: in tranquil moments or challenging times, the place you call home always matters.
