

Your Formulary

Rx Coverage

- This plan only covers up to \$400 per prescription for up to a 30 day supply of medication.
- Asthma inhalers and insulins are not subject to the \$400 limit.
- There is a 12 month maximum coverage of \$5,000 per enrolled individual.

How to Read the Formulary

- The formulary is the list of drugs included in your prescription plan. Inclusion on the list does not guarantee coverage.
- Only generic medications are included. Brand name drugs are all excluded
- For additional questions about coverage, please contact Sona Benefits at 844-550-1984.

serving you soon!

The 2026 Premier Formulary drug list is shown below. The formulary is the list of drugs included in your prescription plan. Inclusion on the list does not guarantee coverage. The following list is not a complete list of over-the-counter [OTC] products and prescription medical supplies that are on the formulary. The only OTC products and prescription medical supplies that appear on the list are in contracted classes.

PLEASE NOTE: Brand-name drugs may move to nonformulary status if a generic version becomes available during the year. Not all the drugs listed are covered by all prescription plans; check your benefit materials for the specific drugs covered and the copayments for your prescription plan. For specific questions about your coverage, please call the phone number printed on your member ID card.
